PROFESSIONAL SUMMARY

- MCA graduate with hands-on experience in **Java software development**, object-oriented programming, data structures, database management, and application development.
- Experienced in building and debugging applications using **Java, Spring Boot, REST APIs, Hibernate/JPA, and MySQL**, with practical exposure to coding, testing, and software development practices.
- Strong foundation in **SDLC, secure coding, problem solving, debugging, unit testing concepts, and collaborative software development**, with an interest in building reliable and maintainable software.

TECHNICAL SKILLS

- **Languages:** Java, C, C++
- **Core Programming:** Object-Oriented Programming, Data Structures, Algorithms, Collections, Exception Handling, Multithreading
- **Development:** Spring Boot, Spring MVC, Hibernate, JPA, REST APIs, Java 8, Stream API
- **Databases:** MySQL, Oracle SQL, MongoDB, SQL Queries, CRUD Operations
- **Testing & Debugging:** Unit Testing Concepts, Debugging, Exception Handling, Input Validation, Postman
- **Software Engineering:** SDLC, Agile Development Concepts, Secure Coding Practices, Code Quality, Design Patterns, Problem Solving
- **Tools:** Git, GitHub, Maven, IntelliJ IDEA, VS Code, Swagger/OpenAPI, Apache Tomcat
- **Cloud:** AWS Fundamentals, Docker, Containerization

EDUCATION

Savitribai Phule Pune University	2024 – 2026
<i>Master of Computer Applications (MCA) CGPA: 7.88</i>	<i>Pune, Maharashtra</i>
Savitribai Phule Pune University	2021 – 2024
<i>Bachelor of Computer Applications (BCA) CGPA: 6.86</i>	<i>Pune, Maharashtra</i>

EXPERIENCE

GTL Software Pvt Ltd, Pune	Jan 2026 – Jun 2026
<i>Software Development Intern</i>	<i>Pune, Maharashtra</i>
– Developed an Online Interior Design Website System connecting customers with interior-design vendors using Java Servlets, JSP, JDBC, and MySQL. – Built customer, vendor, and admin modules with registration, login, vendor approval, design categories, and vendor management features. – Implemented CRUD operations, image/video uploads, vendor search, customer enquiries, and ratings with MySQL database integration.	

PERSONAL PROJECTS

- Digital Banking Portal | Java, Spring Boot, REST APIs, Spring Security, JWT, MySQL | GitHub**
 - Developed a secure backend application using **Java, OOP, Spring Boot, REST APIs, and MySQL** for customer, beneficiary, and transaction management.
 - Implemented **authentication, authorization, input validation, exception handling, and secure API endpoints** following secure coding practices.
- Java Study Tracker | Core Java, OOP, Collections, File Handling | GitHub**
 - Developed a console-based application using **Core Java, OOP, Collections, and Data Structures** to manage daily study activities.
- Generalised Data Structures Library | C++ Templates**
 - Developed reusable implementations of fundamental **data structures using C++ templates**, including linked lists, stacks, and queues.

CERTIFICATIONS

- **AWS Certified Cloud Practitioner (CLF-C02) | Amazon Web Services (AWS) | 2026**
